

Ratio, Fractions, Decimals and Percentages

How to Get a Random Sample from CensusAtSchool

Go to the CensusAtSchool [Random Sampler](#) to download a sample.X

Reference year: *(select year)* **Sample size:** *At least 30 students*

Select questions: *Which state/territory do you live in*

Location: *Select location* **Year level:** *(select a range of year levels)*

To protect privacy there is a rule built into the sampler that the requested sample size cannot exceed 10% entered.

Task:

1. In your CensusAtSchool random sample, find the question about 'which state/territory do you live in'. Tally the data in the Frequency column of the below.
2. Complete the rest of the table for 'Ratio, Fraction, Decimal and Percentage'

State	Frequency	Ratio	Fraction	Decimal	Percentage
ACT					
NSW					
NT					
Queensland					
SA					
Tasmania					
Victoria					
WA					
Total	30	30:30 or 1:1	30/30 or 1/1	1.0	100%

- 3.** Choose one of the categories from the table, (Ratio, Fraction, Decimal or Percentage) and fill in the map of Australia by writing the appropriate number in each state. Do not choose frequency.

- 4.** Which state has the largest portion?

- 5.** Which state has the smallest portion?

- 6.** Rank all the states from largest to smallest portions of the population.
Outline in red the border of the state you live.

ABS Education Services

Name: _____

CaSQ 10A

Date: _____

Shade in green the state with the largest portion.
Shade in yellow the state with the smallest portion.
